FABENS PUBLIC SCHOOL TO OPEN

Patrons Hope to Reach Agreement With Army Officers on Barracks.

The Fabens public school will open the second Monday in September, regardless of the fact that army barracks are being erected near the school grounds, Miss Mary Winkler, county school superintendent, announced Wednesday. A meeting was held at Fabens Tuesday night when the matter was discussed. County superintendent Winkler attended the meeting.

A Parent Teachers association was organized following the discussion of the school problem. The following officers were elected: President, Mrs. H. P. O'Donnell; vice president, Mrs. H. D. Cook; treasurer, Mrs. H. H. Hunt; secretary, Mrs. Josephine Silva. Miss Silva is principal of the school.

The first meeting of the Parent Teachers association will be held the third Thursday in September, when a constitution and bylaws for the association will be adopted. Regular meetings will be held thereafter the second Thursday in each month. The meetings will be held in the evenings in order that the fathers may also be present.

Constipation Results When Hot Weather Stops Exercise

WHEN the system has become accustomed to a certain daily routine of exercise and food, health is quick to suffer if that routine is interfered with. The bowels are first to notice the change.

Different water is enough to constipate. Changes of food when traveling, much sitting by those accustomed to long walks will do it. It is especially true that when elderly people change their routine they quickly become constipated. Yet elderly people should be particularly careful to keep their bowels open, especially during the hot months.

A better remedy for the purpose cannot be found on a druggist's shelf than Dr. Caldwell's Syrup Pepsin. It is a combination of simple laxative herbs with pepsin which turns the stomach's muscles to do their work naturally so that medicines can be dispensed with. Only a small dose is needed, and unlike harsh physics and cathartics, it acts gently and without griping.

A bottle of Syrup Pepsin can be bought at any drug store for 50c and \$1, the latter the family size, or a free trial bottle will be sent on receipt of your address to Dr. W. B. Caldwell, 480 Washington St., Monticello, Ill.

FIRE DAMAGES WHOLESALE CO.

Loss to Jas. A. Dick & Co., Wholesale Grocers, Is Approximately \$10,000.

A fire of undetermined origin early Wednesday morning damaged the wholesale grocery house of James A. Dick & Co., 402-11 Mills street, to the extent of approximately \$10,000.

Due to vinegar fumes which filled the basement after several casks of vinegar and pickles were burst open by the heat it was impossible to determine the exact extent of the damage, according to James A. Dick, president of the company. The vinegar fumes made the fire much harder for the firemen to handle.

The fire was confined to the basement. Little damage was done to the building. Stored up goods formed almost the entire loss.

More damage was done by smoke than by fire, according to Mr. Dick. There was little damage from water. "The firemen did good work," said Mr. Dick. "They had a hard job to fight the fire and the fumes at the same time."

The fire was discovered by policeman W. C. Boyle.
